

AKSHAY KUTTIKATTUPARAMBIL BIJU

 8590134300
 akshaykbiju@gmail.com
 Thrissur, Kerala

PROFILE

Enthusiastic student eager to contribute to the team's success through hard work, attention to details and excellent organizational skills. Eager to learn more about front-end and back-end development and become a full stack web developer.

SKILLS

- Coding
- Web Development
- Mobile App Development

EXPERIENCE

ANALYST INTERN

American Express

May 16, 2022 - July 8, 2022

- Built a Clearing Streaming Ingestor that reads data from a Kafka Consumer and writes them to parquet files.
- Built a parser for validation and enrichment of the records that are being read from Kafka.
- Worked on the config file to make it more config friendly and easier to maintain.

EDUCATION

HIGH SCHOOL

The Indian High School, Dubai
2015 - 2019

BACHELOR OF TECHNOLOGY

National Institute of Technology,
Calicut (CGPA - 8.19)
2019 - 2023

PROJECT

SWIMINIT

- Built an Android Mobile Application using Flutter that streamlined the flow of registration and regulation of swimmers into the NITC swimming pool.

PLANNR

- Built an app that allows the user to login and view the Timetable of their respective classes. It allows the faculty to add or remove their respective slots from the Timetable. This was made using React.
